

OFFER

Panevežio Aurida has been operating for a number of decades. This is compressor production company which has a long-term experience and is well known and acknowledged in the world. Currently, the company produces over 50 main models of automotive compressors and a number of modifications with cubic capacity from 73 cm³ to 600 cm³. Production of compressors for truck (buses, tractors) brake assemblies is the main area of the company's business, however, the company provides other services as well:

- Aluminium pressure dies casting using Swiss Buhler equipment;
- Mechanic metal processing;
- Thermal metal processing;
- Lease of real estate

We would like to find new partners, new distributors & dealers in European markets to supply our products to their markets (service centers, Resellers of spare parts). Also we would like to offer our service such as Aluminum die casting; thermal and metal machining process.
