OFFER

Stigma is currently one of the largest plastic parts producers in Lithuania. The company exports the major part of its production; however, there are a number of customers in Lithuania, as well. Long-term experience, high-quality products, competitive prices and prompt deliveries have made us known and earned us a good reputation. Our striving for excellence and ambitions to retain and increase the market share and to enhance the competitive advantage motivates us to introduce new technologies, improve the quality of our products and invest in the qualification of our staff as well as new machinery.
