OFFER

City semi-trailers, truck bodies, drawbar and central axle trailers from Schmitz Cargobull are the first choice for temperature - controlled and dry freight bodies and trailers (SKO-CITY) for distribution traffic with a focus on the European market.

SCB is known as a manufacturer of bodies and supplier of kits to other manufacturers and is the first contact for customers. We are perceived as a reliable partner in the market. We earn this trust through punctual order fulfillment and high product and delivery quality. Our customers trust on our innovative transport solutions. Due to this quality leadership, we achieve a price margin compared to our competitors.
